

RESEARCHERS BEYOND ACADEMIA

by  euraxess

REBECA BY EURAXESS
VIRTUAL MATCHMAKING FAIR
RESEARCHERS2BUSINESSES

ARE YOU A COMPANY OPERATING IN THE FIELD OF HEALTH & WELLBEING, CLIMATE, ENVIRONMENT OR MOBILITY?

Participate in the virtual **Researchers2Businesses Fair** and take the unique opportunity to:

- present the company's innovative solutions, research and development achievements and success stories,
- access the pool of motivated PhD students and postdocs from across Europe and beyond,
- promote your internships or career opportunities,
- explain what R&D careers are typical for your company,
- identify potential collaborations and arrange further meetings to discuss them,
- connect to researchers and other companies across Europe operating in similar fields.

All types of organisations (private, public, non-for-profit) and all company sizes with research, technology development and innovation or related activities carried out in Europe¹⁾ are welcome to participate. Companies currently not having available open positions for researchers are also welcome.

¹⁾ Companies with headquarters or branches located in 43 countries where EURAXESS Network is represented
<https://euraxess.ec.europa.eu/choose-your-country>

WHEN AND HOW:

The virtual Researcher2Businesses Fair will take place on:

June 20th, 2022

via: <https://rebeca-by-euraxess-researchers2businesses-fair.b2match.io/>

TOPICS

Researchers and companies generating new knowledge, developing and manufacturing innovative solutions in areas related to health and well-being in a broad sense, improving and protecting the climate to prevent and slow-down climate changes and/or contributing to developing, designing and/or piloting new mobility/transport solutions are welcome to participate.

Health and Wellbeing	Climate, Environment, and Mobility
<p>The related areas could be e.g.:</p> <ul style="list-style-type: none">• Medicine, Human Health, Therapeutics• Clinical research, trials• Pharmacy/Pharmaceutics• Microbiology/Biology/Biotechnology• Biochemistry/Biophysics• Technologies related to Biological sciences• Information processing & systems, IT applications related to Health• Medical devices, sensors• Diagnostics• Care, Hygiene, Beauty• Food production, Food quality and safety, Nutrition• Agriculture• Sports, Leisure, Sports Medicine• Ageing• Mental health and Wellbeing	<p>The related areas could be e.g.:</p> <ul style="list-style-type: none">• Meteorology/Climatology• Electronics/Microelectronics related to Transport• Information processing & systems, IT applications related to Transport• Transport technologies• Environmental Engineering & Technology• Air, Soil, Water pollution, treatment & protection, waste & water management• Climate change mitigation• Environment management Systems• Measurement, Detection tools, Sensing technology, Standards• Ecology/Biodiversity• Fire safety, Hazardous materials and Radiation protection• Renewable sources of energy• Socio-economic aspects/models of Climate change

AGENDA

1 on 1 meetings of company representatives with researchers

- Scheduling of individual meetings lasting **20 minutes** will be possible in advance as well as during the course of the event based on the agreement of both sides and according to availability.
- Researchers and companies can focus on sharing achievements, discussing typical positions available for staff with research background, their responsibilities, ways of cooperation with academic institutions, specific career and cooperation offers.
- **20th June, 2022, 13:00 — 19:00 CEST**, it is possible to mark the personal availability for specific hours within the block while registering.

Company presentations in parallel sessions

- Opportunity to present the company and its success stories to a broader group of researchers at the same time,
- 15-minute presentation followed by questions and answers within 1-hour block,
- **20th June, 2022, 10:00 — 11:00 CEST, or 11:20 — 12:20 CEST**

NO FEES

The event is free of charge.

Participation costs are covered by organisers.

CONTACT AND REGISTRATION

Companies can register directly at:

Companies can register **by June 7th, 2022** directly at the b2match platform and can start designing their profile:

<https://bit.ly/euraxess-R2Bfair-companies-registration>

The first company representative (admin) can add further company staff participating in the Fair on their behalf or they can register separately. After they start typing the organisation's name in the registration form, the system will identify the organisation's name, if existing already, and they can be added to it.

Companies can take advantage of the Marketplace for any announcements to participants (job positions/internship offers, project cooperation seeking, other requests)

More information about the Fair is available at EURAXESS Slovakia national portal.

For any questions please contact euraxess@saia.sk.

ABOUT ORGANISERS

Researchers2Businesses (R2B) matchmaking event is organised by the EURAXESS Network¹⁾.

EURAXESS — Researchers in Motion is a unique pan-European initiative established and backed by the European Commission that supports researchers' mobility and career development and enhances scientific collaboration in Europe and beyond.

EURAXESS portal (<https://euraxess.ec.europa.eu/>) encompasses more than 20 000 registered R&D organisations. It is the largest database of research jobs that has been operating since 2003. In 2021, more than 80 000 job offers for researchers were advertised via this platform.

The EURAXESS network consists of 650+ EURAXESS centres in 43 countries that are in daily contact with researchers providing them with personal assistance and guidance. In addition, 9 EURAXESS Worldwide hubs facilitate collaborations with the research communities outside Europe.

EURAXESS resources and tools are valuable not only for researchers: companies can post their vacancies free of charge, widening their visibility to reach and attract talents from all over the world.

¹⁾ Events are funded by project No: 101035541 – EURAXESS Hubs – H2020-IBA-SwafS-EURAXESS-Top-IV-2020. The organisers come from Slovakia (SAIA, n. o.), Czech Republic (The Centre of Administration and Operations of the Czech Academy of Sciences), France (France Universités) Albania (National Agency for Scientific Research and Innovation), Spain (Spanish Foundation for Science and Technology) and Ireland (The Irish Universities Association).
